COURSE AND PROGRAM SPECIFIC OUTCOMES (CSO/PSO)

PROGRAM SPECIFIC OUTCOMES
Graduates will have acquired the skills and competencies required to perform the duties of a professional engineer in the field of civil engineering.

COURSE SPECIFIC OUTCOMES
Graduates will be able to apply technical knowledge in solving engineering problems related to civil engineering and its allied fields. They will be able to design and construct structures that meet the functional, safety, and design criteria of a profession and meet the societal, economic, and environmental needs of the community.

GENERAL EDUCATION OUTCOMES
Graduates will be able to apply technical knowledge in solving engineering problems related to civil engineering and its allied fields. They will be able to design and construct structures that meet the functional, safety, and design criteria of a profession and meet the societal, economic, and environmental needs of the community.
