

EVENT REPORT

I Year B.Tech (2024-25)

Name of the Event: National Science Day

Date of the Event: 27th and 28th February 2025

Student Organizer: 1st year Student Organizers

Faculty Mentors: Chemistry Department

Chief Guests: Dr. Jayanthi Subha lakshmi and Dr. P.K. Jain

National Science Day was celebrated with great enthusiasm. Students prepared several innovative projects, showcasing their scientific skills. The event featured a science exhibition, where students displayed their projects. Guests, including scientists and educators, visited the exhibition and interacted with the students. The projects ranged from robotics to environmental conservation. Students explained their projects with confidence and clarity. The guests were impressed by the creativity and innovation displayed. The event encouraged students to pursue careers in science and technology. The exhibition concluded with a sense of excitement and curiosity among the participants. The students' projects demonstrated the power of science to transform lives.
